

Deprescribing- Bringing Value to Aged Care

Improve outcomes for residents:

- remunerate pharmacists to engage GPs in case conferences,
 - multi-disciplinary teams,
 - involving families,
 - improve the rate of deprescribing.

GP remuneration for RMMRs could be tied to:

- improved outcomes of residents,
- performance of the facility against national Quality Indicators for medication management.

This is value-based healthcare in aged care.

Jul - Sep 2021 selected RMMR outcomes
